

GROWING WITH YOU FOR OVER 25 YEARS

BORN AND BUILT IN THE HEART OF THE DELTA, WE ARE COMMITTED TO SERVING OUR FARMING COMMUNITY THROUGH BEST-IN-CLASS IRRIGATION SOLUTIONS.

“I’ve used Delta Plastics for over 25 years. I’ve tried other brands of pipe, but none of them compare to the quality and performance of Delta.”

Brian B., Sunflower, MS

PRESERVING **OUR FARMLAND**

Delta Plastics was started in 1989 in Stuttgart, Arkansas as a small manufacturing business. We had a vision to not only make the best polytube out there, but to also help clean up and recycle used plastic from farms at the end of the growing season. Over the years, we’ve remained dedicated to our roots, growing alongside our neighbors and finding more and better ways to continue supporting both farmers and the farmland we love.

THE EXPERTS IN POLYTUBE IRRIGATION

Delta Plastics has been the undisputed market leader in polytube irrigation for over two decades, providing the highest-quality polytube that is engineered for optimum performance in the field. We manufacture our products locally in Little Rock, Arkansas, and we have fully stocked warehouses located in four states, so you can get the pipe you need exactly when you need it, every time.

DISCOVER THE DELTA DIFFERENCE:

- ✓ **THE gold standard in polytube**
- ✓ **The only pipe made locally in the Delta**
- ✓ **Lowest warranty rate in the industry**
- ✓ **Guaranteed performance**
- ✓ **The only company collecting used polytube for 25 years without interruption**

"Delta Plastics is one of the few companies that still takes pride in their customers, whether they are recycling or selling pipe. Their warranty service has been an extremely simple and easy process. Delta Plastics shows they stand behind their products."

Matt T., Valley Chemical Sales

WE'VE GOT YOU COVERED...

FROM PLANNING TO PICK UP

"Delta Plastics' Pipe Planner is a no-brainer. It has been the simplest way to save money on my farm."

John K., Helena, AR

WE DON'T STOP AT POLYTUBE

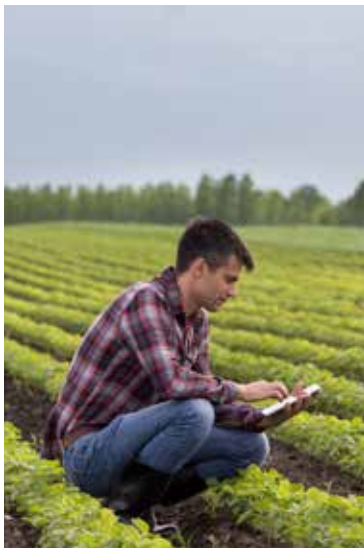

We know that buying the right polytube is just one part of a successful irrigation solution. Which is why Delta supports our customers with a full suite of tools and services to help you get the job done. From our proprietary *Pipe Planner* software to the new *Push for Pick Up* collections app, we take care of our customers from start to finish.

FULL SERVICE TOOLS AND SUPPORT

Call **800.277.9172** to get your used polytube collected at the end of the season. Or better yet, download our new mobile app and push for pick up!

Our Irrigation and Collections teams are local experts – we're here to support you throughout the year. Whether it's helping to solve a problem, offering guidance on polytube irrigation best practices or cleaning up your farm and getting rid of waste, we've got your back.

PIPE PLANNER™ | IRRIGATION PLANNING

Pipe Planner is a powerful tool that provides improved efficiency, increased savings and more accurate planning while maintaining or increasing current yields:

- **Increase Savings** — 25% average energy cost savings | 25% avg. less water use | Reduced labor cost
- **More Accurate Planning** — Determines best polytube size | Details field layout for polytubing | Provides hole size location details
- **Improved Efficiency** — Distributes water evenly | Improves irrigation efficiency | Reduces excessive water runoff

PUSH FOR PICK UP™ | COLLECTIONS

We're proud to offer complementary used polytube removal to our customers, regardless of the ever-changing market environment:

- Our fleet of specially equipped collection trucks and expert drivers will pick up used tubing in Arkansas, Louisiana, Mississippi, Missouri and parts of Texas
- With our convenient mobile app, you can easily request pick up in real time, and our team will be on their way to get your pipe

To get started, just download the app from the Apple App Store, log in and push for pick up to let us know where your polytube is located

DELTA IS PROUD TO MAKE A REAL IMPACT ON THE LIVES OF OUR CUSTOMERS, OUR COMMUNITY AND OUR ENVIRONMENT:

CREATING JOBS

As a local business, Delta Plastics provides over 300 jobs in the region

Being local means we contribute good jobs to the communities we serve, and our plants in Stuttgart, Little Rock and Altheimer, AR employ hundreds of individuals. Buying Delta polytube supports the men and women who work hard to bring you quality products.

GROWING OUR LOCAL ECONOMY

Delta has invested over \$20 million to expand our business here at home

We're committed to growing our business for customers and the community - in 2020 we announced plans to expand our Little Rock facility by 36,000 sq ft to increase our manufacturing capabilities, create more jobs and invest in the growth of our local economy.

CONSERVING WATER

We help growers save more than 150 billion gallons of water EVERY year

Our Pipe Planner software helps farmers across the Delta irrigate efficiently, conserving billions of gallons of water each year. We take our commitment to preserving the environment seriously, which is why we continue to invest in solutions that empower farmers to make a difference.

REDUCING PLASTIC WASTE

Since our founding, we've collected & recycled over 1.5 billion lbs of plastic

We're the largest recycler of agricultural waste in the world. Our unique closed-loop manufacturing model allows us to not just pick up used pipe, but recycle it and turn it into new products to be put back in to our economy, keeping the plastic here at home.

TEAMING UP TO DO GOOD

We're in partnership with industry organizations that support farmers

Delta Plastics works closely with regional and national organizations that are leading the way in sustainable farming, irrigation solutions and local farmer support and education. We aim to inspire and be inspired by those who are at the forefront of farming's future.

OVER \$40 MILLION SUPPORTING LOCAL FARMERS*

* Cumulative of all donations, sponsorships and contributions to national grant programs since 2014

"Delta Plastics has been an integral partner in the growth of on-farm conservation programs in the Mid-South and a leader in the rice industry. They continually invest resources that promote the viability of family farms for future generations."

USA Rice

GIVING BACK TO THE COMMUNITY

A portion of all Delta polytube sales are put back into supporting the farming community through donations, sponsorships and grant programs that provide funding and make a tangible impact on farmers and their families.

CONTACT YOUR DEALER TODAY

"I love doing business with Delta Plastics. Their service is second to none."

Jason W., Augusta, AR

"We sell Delta Plastics polytubing because it works year after year, and Delta Plastics has always stood behind their product... you can't beat 'em. "

Glenn M., Duncan, MS

"Delta makes doing business easy and efficient, both on the supplier and grower end."

Richard P., Sikeston, MO

"I've been overwhelmingly pleased with the products and services of Delta Plastics. I've yet to meet a customer who isn't satisfied with their pipe."

Rodney G., East Irrigation Solutions

Revolution[®]

Delta Plastics is part of the Revolution family of brands. We are unified by a single mission: Creating better plastics that preserve our environment. Through our revolutionary manufacturing, collection and recycling process, we provide our customers with truly sustainable plastic solutions.
